# Johnson University Mission

## ***Mission Statement***

*Johnson University educates students for Christian ministries  
and other strategic vocations framed by the Great Commission  
in order to extend the kingdom of God among all nations.*

Johnson University, a private, coeducational institution of higher learning offering associate, baccalaureate, and graduate degrees, strives to be faithful through twenty-first century methods to its historic purpose of preparing students to preach the Gospel.

Johnson University seeks qualified students committed to communicating throughout the world the message of peace, wholeness, and restoration as described in Christian Scriptures. We enroll students from all age groups and from diverse geographic, ethnic, and social backgrounds. Consistent with our historic practice, we endeavor to make education available to students regardless of their financial resources.

Johnson University engages a faculty supportive of its mission and committed to teaching and advising; scholarly and creative activity; and service to churches, Johnson University, and the larger community. We create a supportive environment for spiritual formation in which students and faculty can identify abilities and realize responsibilities for personal growth and for service to others in the churches and the human community. We also provide financial resources, facilities, and administrative and academic services that support student and faculty achievement.

Johnson University offers undergraduate programs involving a curriculum for all students that (1) centers upon the knowledge, application, and appreciation of the Scriptures; (2) builds upon a general education core aimed at understanding and appreciating cultural contexts as well as developing skills to communicate within those contexts; and (3) provides vocational options aimed at engaging students in congregational ministries and other strategic callings.

Johnson University offers graduate programs in professional and academic areas that prepare students for leadership in congregations, educational institutions, and other service vocations. Johnson University also recognizes its responsibility of service to Christian congregations, the local community, and the world.

Johnson University provides in the co-curricular and extracurricular activities a transformational, experiential, and missional education. These activities lead students to understand and exhibit ethical behavior consistent with scriptural norms, provide students with service learning opportunities that sharpen their abilities and sense of calling, and demonstrate ways that selected vocations accomplish their part of the Great Commission.

**A Heritage with a Far-Reaching Impact.** Johnson University graduates have served faithfully in Christian ministries and other strategic vocations in congregations and communities throughout the United States and around the world. Wherever they have gone, Johnson University alumni have shown the marks of personal commitment to Christ and faithfulness to the biblical witness.

# Board of Trustees

The Board of Trustees of Johnson University is comprised of eight to fifteen members plus the president who serves ex officio. Members come from the ranks of the ministry and other professions representing various supporting constituencies of the University. Half the members shall be alumni of Johnson University. The major responsibility of the Board of Trustees is to give general direction and oversight to the operation of the University. As the governing body of Johnson University, the trustees establish broad institutional policies, aid in securing financial resources to support the work of the University, select the chief administrative officer and, upon his recommendation, approve the other administrative officers and the faculty of the University.

Applicants: All students who have applied to JU. Accepted: Applicants who have completed their admissions file and have been accepted into JU. (Note: Many students seek acceptance from numerous institutions). Matriculated: Applicants who are now considered students, who have an active course schedule. (Note: Some students may not have had active course schedules at the time of this report if their intention is to begin in Session 2 and have not yet registered for courses. These students would not be counted as matriculated.) Enrollment headcount is based on students enrolled on the add/drop date, so number enrolled, and number matriculated may vary.

- Retention: According to IPEDS, the Freshman to Sophomore retention rate is a measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. For four-year institutions, this is the percentage of first-time bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall. The % listed is an average of First-time, full-time and part-time bachelor's seeking students retention rates.

Then Jesus came to them and said, "All authority in heaven and on earth has been given to me. Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely I am with you always, to the very end of the age."

Matthew 28: 18-20
