# Be a part of the CLEAN TEAM

The clean team is an annual event that brings in volunteers from all over the country to join in cleaning the dorms following the spring semester in preparation for summer events at Johnson University. This amazing group of volunteers enjoys a wonderful week of work, fellowship, devotionals, and delicious food including evening outings to local restaurants. The team is given a special opportunity to hear what God is doing at JU and engage with the community in a practical way.
